

S/Y Mickey G Oceanis 51.1

BENETEAU

ABOUT OUR YACHT

With excellent sea keeping abilities and characteristic simplicity, this new generation of large cruisers is both racy and elegant. A special emphasis has been placed on performance. Combining speed and great living comfort on board, she has a clear deck plan and maneuvers with great care. With great freedom in the choice in interior layouts, fittings, equipment and rigging, the Oceanis 51.1 has the hallmark of inimitable boat.

ABOUT US

S/Y Mickey G offers its guests high standard luxury vacation on an OCEANIS 51.1 yacht accompanied by a well experienced skipper.

We are happy to welcome you onboard S/Y Mickey G, which is the promise of intense and extraordinary emotions.

Enjoy your holidays and live your dreams with luxury and safety among the amazing Greek Islands.

BENETEAU

INTERIOR S/Y Mickey G

The strong architectural choices of the Oceanis 51.1 increase the interior space considerably. The equipment on board echoes the generous volume offered and contribute to a high living standard. Spacious and well fitted, the U-shaped galley is a living space in its own right and is as pleasant under sail as it is at anchor.

Continuing this unique idea of comfort into the more private areas, the Oceanis 51.1 has 2 forward cabins fitted with two storage spaces and has an en-suite shower room with separate toilet. The 1.6 m wide beds is unheard of on a cruiser this size.

EXTERIOR S/Y Mickey G

The deck layout of Oceanis 51.1 is as spacious and incredibly-well organized as the interior, with lots of relaxation areas. The cockpit provides plenty of relaxation space and boasts sunbathing areas on the coach roof. The large aft swim platform offers easy access to the sea for luxurious well-being.
